School Mission and Goals

It is our mission to enable students to develop strategies for the acquisition of knowledge, skills and values needed to participate meaningfully in our pluralistic society.
To provide an educational environment that stimulates and nurtures each child's growth.
To provide classroom environments based on the child's needs for freedom, within limits, in a carefully prepared environment.
To guarantee exposure to materials and experiences through which the student develops intelligence as well

It is the shared philosophy of our schools faculty and parents that in order for learning to take place, all students must feel both physically and emotionally safe. Our classroom guidelines therefore require treating others with respect. Physical abuse and emotional abuse are unacceptable and a violation of class protocol. The classroom must be a brain compatible learning environment where students are able to work without pressure or fear.
